Carl-

Yes, I am in the office.

I am checking on the issue now and will get back to you.

Are working in the office today? If so Callie wanted to ask you if you knew where PacifiCorp is at in installing SCRs for units 3/4. I know they have all the approvals from the PUC and DEQ. Don't know if they have broken ground yet. This is in response to a question the RA asked.

If you are TC'ing you can send an email.
